

WE'RE HIRING

Musculoskeletal Physician/ Sports Physician with Interventional Pain Management focus

EntheoMed Clinic, a leading multidisciplinary healthcare facility in Kelowna, is seeking a highly skilled and motivated Musculoskeletal Physician with expertise in trigger point injections, nerve blocks, prolotherapy, PRP, and Botox for migraines.

This is an exciting opportunity to join a collaborative team of healthcare professionals and contribute to the holistic care of our patients.

JOIN OUR TEAM

RESPONSIBILITIES

- Perform comprehensive musculoskeletal assessments and diagnoses.
- Administer trigger point injections, nerve blocks, prolotherapy, PRP, and Botox for migraines with precision and care. (Ultrasound guided injection training strongly preferred).
- Help supervise subcutaneous lidocaine program treatments, which are delivered by an R.N.
- Develop and implement individualized treatment plans in collaboration with the patient and multidisciplinary team.
- Provide education to patients on pain management strategies and preventive measures.
- Maintain accurate and up-to-date patient records.

QUALIFICATIONS

- Medical degree
- Residency and/or fellowship training in Physiatry, Family Medicine, Sport medicine or Pain management.
- Proven expertise in trigger point injections, nerve blocks, prolotherapy, PRP, and Botox for migraines.
- Strong commitment to patient-centered care and a multidisciplinary approach.
- Excellent communication and interpersonal skills.

BENEFITS

- Competitive per diem income with 30% overhead applied.
- Opportunities for professional development and continuing education.
- Collaborative and supportive work environment.
- Training provided by Dr. Francois Louw.
